Referrals

Paul Maunders

Director / Owner @ Fubra Limited
paul@fubra.com

"Pablo is an enthusiastic and determined individual who is not afraid to take on a challenge, or to try his hand at a new technology. He is an active member of the open source community who regularly attends events around Europe and get's involved in contributing detailed bug reports to help improve open source code."

Freelance

I work as a Linux System Administrator for companies that need deployments, fixes or support.

Owner of 2 VPS

CentOS and Debian servers to play with on spare time to improve my systems administration technical skills.

There I deploy platforms such as:

[OwnCloud](#)

[EyeOS](#)

[Sticky Notes](#)

phpMyAdmin

Question2Answer

phpBB forums

...

Services such as:

Asterisk (VOIP server)

Jabber server (XMPP server)

Postfix (mail server)

...

or web hosting such as

[PabloHinojosa.is](#)

[Colinaroja.org](#)

...

Bug reporter

I contribute with the community reporting bugs on open source projects. For example, [here is a list](#) of Red Hat bugs which I have been taking part.

Community member

I am a regular participant of open source and systems administration events such

as

[CentOS Dojo](#)

FOSDEM

Configuration Management Camp

[Technology MeetUps](#)

I also belong to associations such as Madrid DevOps, ColinaRoja or Workespeis-Projects
